
About the FHM Studienkolleg

The FHM University is a German University founded by industry in 2000. It offers experienced based training and studies focused on management skills worldwide. The individual benefit of FHM graduates represents the training concept: Close to practice and effective in knowledge transfer.

The FHM Studienkolleg is an institution at FHM University. It is designed for qualified international high school graduates without direct access to a German

University. Realizing the PSP Program FHM University offers several study locations cross over Germany.

The PSP Program prepares PSP students concerning excellent language skills and an optimal body of knowledge. The PSP Program served the same relevant competencies and proactive mindsets comparable to German high school graduates.

Study in Germany!

Pre-Studies Program (PSP)
for high school graduates

12 MONTHS
PROGRAM

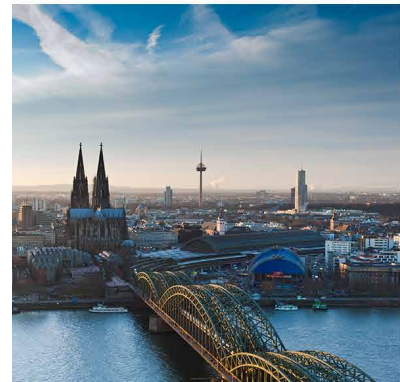

Pre-Studies Program Classic

PSP Classic is a one year pre-studies program at FHM University. It is designed for qualified international high school graduates without direct access to a German University.

The program provides PSP students with a solid academic foundation in the individual disciplines of engineering, business studies or medicine. Specialized

German courses bring language skills of PSP students to an adequate level. Qualified lecturers and excellent learning conditions prepare PSP students for studying at a German University. PSP graduates are eligible to take the final examination (Feststellungsprüfung – FSP) at the end of the program. FSP certificate qualifies to apply for a direct entrance to a Germany University.

Your best directed approach

Studying in Germany gives you many benefits because the movement of our higher education institutions are well-reputed and scientific programs are excellent. The FHM University was founded by industry and is working on combining the academic programs with the experiences of profit business companies every day.

Prof. Dr. habil. Torsten Fischer
Prorector International FHM
